CUET *programme*

Admission to many top universities in India, including the University of Delhi, is based on the Common University Entrance Test (CUET). CUET provides a standardized platform for students to secure admission into undergraduate programs such as B.Com and B.Com (Hons.), BBA, etc.

CUET Examination Structure			
Section I	**Section II**		**Section III**
Language (A)	**B1 - Core domain**	**B2 - Additional**	**General Test**
English Hindi	Accounts BST Eco Maths	PE Entrepreneurship Legal Studies Mass media	GK Logical Resoning Quantitative Aptitude
B.Com: subject combinations recommended:			
Any 1	Any 3	-	-
B.Com (Hons) : subject combinations recommended:			
Any 1	Acc + any 2	-	-
BBA: subject combinations recommended:			
Any 1	Maths	-	Any 1

CUET NOT RECOMMENDED FOR CA/CS ASPIRANTS

- CA/CS course itself requires significant time for coaching, self-study, and exam preparation.
- Universities admitting students through the CUET often have strict attendance requirements.
- Managing regular college schedules along with CA/CS preparation can be challenging.
- During Articleship training, students usually work full office hours, making regular college attendance difficult.

CA/CS aspirants may consider enrolling in a ***nearby B.Com college with flexible attendance***, allowing graduation to run parallel with CA/CS preparation.

Graduation should support the CA/CS journey — while CA/CS remains the primary focus.
